The purpose of the meeting was to go over Rich's strawman session list and assign organizers.

Rich will update the Session descriptions and send them back out but basically the sessions are:

As you can see, we have an organizer for each session, but we really should have two. For those of you not on the call please let me know what session(s) you can help organize. If you are unable to support this effort, please let me know and I'll quit bugging you.

Rich let me know that you received this
